

Field Trip: Shark Teeth, southern Qatar
Date: November 30, 2007
Meeting Place: Parking lot in front of Carrefour in the Villagio Mall on Al Waab Street (next to the Khaliffa Stadium).
Time: 10.00 Please be there 10-15 min in advance to get ready for departure at [10.am](#).
Field Trip Leaders: Jacques LeBlanc & Dave Smith

If you dont have a 4x4 wheel drive you are welcome to meet up as we normally succede to find room for everyone in the participating cars.

QNHG field trips typically:

- Occurs on the last Friday of the month and starts around 10 am from a well known place in the outskirts of Doha.
- The meeting place and a short field trip description will be distributed either in the monthly newsletter or on a separate email sent out at least one week in advance.
- When we meet up the members pay 10 QAR to QNHG per car to participate in the trip.
- Yellow stickers or equivalent are handed out to be placed on the inside of the back door windows to help distinguish participating cars from other cars on the road.
- Field trip leaders and participating cars will drive out to the location in convoy(s) together.
- All driving is conducted safely with out any damage to the environment.
- The members bring their own equipment such as shade, chairs and their own lunch and water etc.
- The end of the trip is typically somewhat flexible so that some may leave early and some late and people typically drive back to Doha individually.

Look forward to see you

Kind regards

Jens-Ole Koch
