QATAR ENVIRONMENT & ENERGY RESEARCH INSTITUTE and ACADEMIC BRIDGE PROGRAM in QATAR

**have the pleasure to announce the distinguished seminars series on
BIODIVERSITY and CONSERVATION**

The seminars are to thought to improve the fascination of students for wildlife, make them feel a greater appreciation for biology and ecology, and make them aware about the importance of conservation of biodiversity in Qatar. The students will also learn about the importance of taxonomy and molecular studies to be able to identify the species and understand the evolutionary processes that are involved to make possible the observed wildlife biodiversity
